Scope of Work and Budget
IA 507-021

Scope of Work:

An Archaeological and Historical Services staff member will monitor trench excavation for the project in site 45SP92. Monitoring work will entail trench inspection to insure that significant archaeological deposits are not disturbed during construction. All work will be documented in field notes and with 35mm photography. A report of findings will be prepared following completion of fieldwork.

It is agreed by the Commission and the Consultant that If the Consultant does not timely provide or perform the requirements referred to or listed in the scope of work, damage to Commission will result. The damages to the Commission resulting from the same would be difficult or impractical to ascertain. The liquidated damages specified herein represent a good faith effort to quantify the harm that could reasonably be anticipated at the time of the making of the contract. The damages provided in this section are just and reasonable. Therefore, Commission and the Consultant agree that if the Contractor does not meet the mutually agreed upon performance or deliverable dates as a result of Consultant's actions(s) or failure to act, then there shall be assessed against the Consultant, as fixed and agreed liquidated damages, the sum of \$39.00 per day. Commission may, at its discretion, and after notifying the Consultant, withhold the assessed liquidated damages from payments to the Consultant, or invoice the Consultant therefore, in which case the Consultant shall pay said damages within thirty (30) days of the date of invoice. Nothing in this provision shall be construed as relieving the Consultant from performing all Contract requirements. Moreover, Commission reserves the right to enforce or to seek other remedies without limitation for failure of the Consultant to perform any contract duty pursuant to this Contract.
